Over Eleven Thousand Tons Ore Shipped In Past Week

Tonopah's contribution to the wealth of this nation during the past week was extracted from 11,297 tons of ore as based upon the actual gross milling values. It was no so very long ago that the 10,000 ton mark was reached, and this week's record eclipses the 11,000 tons mark, a notable improvement. At the present rate the shipments will soon be better than 12,000 tons weekly.

The estimated value of the ore shipped is \$211,908, as compared to \$201,880 for the 16,699 tons shipped last week. The shipments this week were made as follows:

The Tonopah Mining company sent 3400 tons, the Belmont 382 tons to the new mill, the Montana Tonopah 980 tons, the Tonopah Extension 1080 tons, the West End 1050 tons, the MacNamara 610 tons, the Jim Butler 309 tons, the Tonopah Merger 350 tons, the Midway 45 tons.

NEW LEDGE OF MILLING VALUES FOUND IN BIG 4

FOUR FEET IN WIDTH AND CARRIES VALUES AVERAGING \$15 A TON

Special to the Bonanza
MANHATTAN, Dec. 14.—A new ledge carrying excellent milling values was struck this week in the Big Four mine at the 200-foot level. It is some 350 feet northwest of the shaft, which is in the direction of the Tarash lease. The width at present is more than four feet and the average values are from \$9 to \$15 a ton.

The maps furnished by the company to Supt. E. C. Maguire show the existence and approximate position and course of the new ledge. There are markings on the surface to indicate its presence. He found it a little sooner than was expected and than was indicated by the maps.

He also found during the week a narrower vein corresponding to it, but much higher grade, on the 100-foot level. At that level it must be considered in connection with the big ledge that has been crosscut diagonally for three weeks, showing milling values throughout.

Altogether the two openings constitute a vast addition to the productive potentialities of the Big Four mine and will figure accordingly when the mill is running.

The high-grade streak of 18 inches, struck upwards of a week ago in the southeast drift on the 100 level, averaging \$200 a ton, is an 18-foot ledge averaging \$15, is still there and looking as fine as ever. It is a separate ledge and has nothing to do with the present find on the 100 and 200 levels to the northwest. The southeast streak is considered wholly in connection with the 10-foot showing on the 400, which averages \$75 a ton.

Almost every week records an additional showing in the Big Four, making it one of the great mines of southern Nevada, and the greatest for depth and amount of work done, the Tonopah Belmont not excepted.

SHERIFF W. A. INGALLS of Esmeralda county motored over from Goldfield this morning.

J. A. SELLSTROM, who left for Yerington several days ago to enjoy a duck hunting expedition, returned this morning with the spoils of his trip. During his absence he managed to bag one muddhen and the bird was brought with him to prove his assertions.

R. J. HIGHLAND, manager of the Southern Nevada Abstract company, returned this morning from a business trip to the north.

MRS. J. C. ARMSTRONG departed this morning for Oakland where she will visit for the holidays.

MRS. A. J. ENKING, who has been visiting in Goldfield for the last few days, returned to Tonopah this morning.

MISS BENNIE HILL, one of the teachers in the Tonopah schools, left this morning for Reno to attend the state teachers' institute.

C. M. BARDNER of the Lathrop-Davis company departed this morning for San Francisco where it is rumored he will claim a bride.

GEYSER WORTH FORTUNE

FRESH WATER SUPPLY OPENED BY PILE DRIVER IN SAN FRANCISCO BAY

(By Associated Press)
SAN FRANCISCO, Dec. 14.—The infant fresh water geyser that was located from the bottom of San Francisco bay yesterday by a pile driver is estimated to be worth a million dollars to the state by Engineer Newman of the board of harbor commissioners. He says it will save \$50,000 a year for the water needed in making concrete for harbor improvements and other purposes.

HOME SEEKERS WILL BE BROUGHT TO THIS STATE

REDUCED RATES ARE NOW BEING OFFERED BY SOUTHERN PACIFIC COMPANY

SAN FRANCISCO, Dec. 14.—The Southern Pacific and other railroad lines entering California, Arizona, and Nevada have just announced one-way colonist rates to points in those states for the spring of 1913. The sale dates from the east will be March 15 to April 15, on the same basis as in effect last fall.

Ten day stop-overs will be allowed in New Mexico, Utah, Arizona, Nevada and California not exceeding 30 days from the date of sale. From Omaha, Council Bluffs and Kansas City the rates will be \$30; from Chicago, \$38 and from St. Louis and New Orleans, \$37.

Nearly one million people have been brought to California by the Southern Pacific company alone on these rates, and they have been pronounced, without doubt, the greatest factor in increasing California's population.

ATTACKS UPON GOVERNMENT ARE READ AT TRIAL

DYNAMITE DEFENDERS DENY AP-PROVING OF McNAMARA UTTERANCES

(By Associated Press)
INDIANAPOLIS, Dec. 14.—John J. McNamara's attacks on the authorities for causing his arrest was read at the dynamite conspiracy trial today in connection with the charges that the present defendants approved of what he said.

With other delegates to the Iron Workers' convention at Milwaukee, William Shupe and other defendants were asked whether President Ryan had appointed a committee to send McNamara a gold badge expressing the esteem of the convention. They said they could not recall the fact.

George Anderson of Cleveland, charged with receiving a can of nitroglycerin from McManigal with which a job at Akron, Ohio, was blown up and also with causing an explosion at North Randall, Ohio, entered a flat denial to the charges.

ITALIAN FRATERNAL HALL IS THREATENED

The combined efforts of the paid and volunteer fire departments were necessary this afternoon to extinguish a blaze in the building occupied by the Colombo saloon on Water street. The fire started in the roof of the structure, presumably from an overheated stove pipe, and was difficult to reach. Two lines of hose were strung and after five minutes' work the danger to the entire building being destroyed was averted.

The lower floor of the building is occupied by the Colombo saloon and boarding house. The second floor is used as a hall and a meeting place for two Italian fraternal organizations. The damage, it is believed, will total about \$500 with no insurance. The building is owned by Antonio Bossi.

You couldn't catch a blind horse. We are safe in good old 'Frisco."

OLD AND YOUNG WILL BE CARED FOR CHRISTMAS

MINERS UNION WILL HAVE XMAS TREE AND ALSO ANNUAL DANCE

The old and the young will be cared for Christmas by the members of the Tonopah Miners' union, according to plans that are now being perfected. On Christmas afternoon the annual Christmas tree will be held and presents will be distributed to the little folk of Tonopah. Secretary McManus was instructed at the last meeting of the union to secure the services of Santa Claus, providing that the old gentleman was not burnt up in the fire that destroyed the union office. McManus is now on the search for the mythical and white whiskered philanthropist.

On Christmas eve the union will give its annual Christmas ball at the Miners' Exchange hall. This affair in past years has served to officially open the Yuletide holiday. It is intended to make the dance more elaborate than ever and to this end committees are now at work.

SURVEY STAKES FOR PROPOSED RAILROAD ARE EXTENDED BEYOND MILLET BY SURVEYING CREW

Special to the Bonanza

MANHATTAN, Dec. 14.—The surveyors of the new railway that is to connect Los Angeles with the main line of the Southern Pacific at Painesville have advanced during the past three weeks up Smoky valley from south of the mouth of Peavine creek, ten miles from here, to a point beyond Millet, 40 miles from Manhattan.

At last accounts the office men of the engineering department, who were quartered at Darrough's hot springs, are at Spencer's, 13 miles and across the Toiyabe range from Austin. The surveyors are at Alice Gendron's, beyond Millet.

They have set their survey stakes in the main a short distance from the wagon road, almost paralleling it throughout. The line passes close to the road in the Moore and Darrough ranches, bisecting the alfalfa field of the former.

The men are as reticent as ever, but it is known that they are employed by the Southern Pacific and that the line is to form the closing link of the Southern Pacific now open between Los Angeles and Soda-ville, to the main line at or near Painesville, incidentally placing Manhattan on a transcontinental route.

SANDERS WILL OPPOSE RELEASE E. B. MOORE

DEPARTS FOR YERINGTON TO ARGUE AGAINST HABEAS CORPUS WRIT

District Attorney J. A. Sanders departed this morning for Yerington having been summoned to that city as a result of the habeas corpus proceedings instituted by E. B. Moore who was arrested on a telegraphic warrant charging embezzlement.

The arguments on the habeas corpus writ will be held tonight before Judge Langan in the district court. George T. Green, representing Moore, filed the habeas corpus writ.

Moore was arrested on the complaint of Grant Crumley, who charged the defendant with the embezzlement of collateral worth \$400.

ACTING JUDGE DISTRICT COURT FINISHES WORK

DEPARTS TOMORROW FOR HOME DISTRICT IN WHITE PINE COUNTY

District Judge Ben W. Coleman of Ely, who spent the last two weeks in Tonopah looking after matters in the local district court during the absence of Judge Averill, leaves in the morning for his home in White Pine county.

Judge Averill is presiding at the Primeaux arson trial at Elko. A jury was secured in this case after three weeks elapsed and the work of taking testimony is now under way. It is expected the case will be concluded within the next ten days or two weeks and at its conclusion Judge Averill will return to Tonopah. Judge Averill occupied the bench in the place of Judge Taber, who declared himself disqualified.

FARMERS ARE OPPOSED TO SMELTER FUMES

In the case of Irving Macdonald versus the First National bank, the motion of the plaintiff to compel the defendant to file a bill of particulars was granted this morning in the district court, Judge Coleman presiding. The demurrer of the plaintiff to the answer of the defendant was overruled.

MANHATTAN MINING CASE IN DISTRICT COURT

Judge Coleman this afternoon overruled the application of the defendant in the case of John Ryan versus the Manhattan Big Four Mining company to file an amended answer. The denial of the motion was without prejudice and it is understood a second application will be made late this afternoon.

BUTTER TRUST MADE DEFENDANT FEDERAL COURT

ELGIN BOARD OF TRADE DECLARED OF HAVING CONSPIRED BY GOVERNMENT

(By Associated Press)
CHICAGO, Dec. 14.—The Elgin board of trade, popularly known as the butter trust, and the American Association of Creamery and Butter manufacturers were attacked by the federal government in a civil and trust suit filed here today for the dissolution of both concerns.

Sweeping charges of a conspiracy to fix the price of butter in the interest of big manufacturers and cold storage concerns to the detriment of the farmer, small producers and consuming public were made by Attorney General Wickesham against the so-called trust, which he accuses of a violation of the Sherman act.

AMERICANS MAY BE INDEMNIFIED BY OLD MEXICO

MEXICAN GOVERNMENT MAY PAY THOSE WOUNDED IN BORDER FIGHT

(By Associated Press)
